

Ajinkya Chanshetty

Senior Software Developer

Hi there, My name is Ajinkya Chanshetty.

As a solution-driven IT professional with 8+ years of experience in creating smart, next generation business solutions for well-established organizations, I am excited about the opportunity to bring my strong technical and analytical skills to your renowned organization.

Throughout my career, I have excelled in developing and delivering web-based business intelligence solutions using a diverse range of technologies. In my current role as a Sr. Software Developer -UI, I design and manage customized web applications and services using HTML5, CSS3, JavaScript, SCSS, ReactJS, React Hooks, Redux, Angular V8/9/10, NgRX, RxJS, and C#, Azure, DevOps, Agile/SCRUM methodologies.

I am particularly proud of the following accomplishments:

- Successfully optimized loading time by an impressive 43%, crafting a highly scalable and production-ready application.
- Drastically cut down on bug occurrences by 40% by integrating testing frameworks like JEST, ensuring a seamless and error-free user experience
- Accelerated code delivery by reducing development time by 25%, providing expert software engineering collaboration services.
- Designed a business intelligence solution for a banking industry client "World Bank Group," improving process accuracy by 11%, saving 1000+ hours yearly.

I have an unadulterated love for technical writing. I love to across a wide spectrum of technical topics. You can find my blogs on hashnode here - <https://aajinkya.hashnode.dev/>

I am eager to contribute my skills and experience to your team, and I am confident in my ability to make a meaningful impact.

I would greatly appreciate the opportunity to meet with you and further discuss how my qualifications align with your organization's goals.

Thank you for your consideration, and I look forward to speaking with you soon.

Sincerely,

Ajinkya Chanshetty
